Level 29

Level 29: Pool Spaces

Level 29 is a complex of spaces devoted to the installation of various pools and hot tubs. The floor and lower walls are white tile, so as to be water resistant, and the upper wall is green plaster. The ceiling is strips of painted white metal, although there are few lights on the ceiling. Vents dispensing warm but not hot air are placed on the ceiling instead. Black circular pillars are placed around the spaces, holding up the ceiling. The pools and hot tubs themselves can be either built into the floor as depressions or be built above it – pools generally follow the former and hot tubs the latter. The water is chlorinated and clean – a gentle hum can be heard around the pools which is the water filter. Railings to help people descend into the water are around the edges of these structures. Waterproof lights may be placed in the pools and hot tubs to illuminate them with a subtle glow. The water in the pools is cool and refreshing, and the hot tubs are war
